Why choose a Utopia bathroom?

Expertise

We've been at the forefront of the UK bathroom industry for nearly 30 years, during this time we've encountered every type and size of bathroom so can justifiably call ourselves the experts. It's not just our ability to plan each and every bathroom, no matter what size or shape, it's our in-depth knowledge of how the products in your bathroom will be used.

Quality

Your bathroom must be able to withstand a daily onslaught for many years to come. Our products are produced to exacting quality standards so you can buy with complete confidence.

Craft

We're proud to be a great British brand at the forefront of bathroom innovation. Our furniture is designed, manufactured and hand-assembled in the Midlands from the best quality materials, resulting in beautiful products with the perfect functional performance to match.

Care

Our products are engineered with the bathroom fitter in mind so that installation is as straightforward as possible. Sustainability is at the heart of everything we do to ensure we make the minimal environmental impact. All our timber products are sourced from FSC® certified suppliers meaning the wood used in our factory is responsibly sourced from well-managed forests*. Total confidence in our products is reinforced by our comprehensive guarantee.

*Look for FSC® certified products.

Our guarantee

We know you'll be happy with your Utopia bathroom, but for complete peace of mind we offer a 5 year guarantee on all Utopia furniture*. All we ask is that you register your guarantee online once your bathroom project is complete.

utopiagroup.com/register-your-guarantee

*2 year guarantee on toilet seats and concealed cisterns.

For full terms & conditions see page 192.

~ Producing a detailed plan

~ Visualisation of your bathroom

~ Calculating costs to provide a detailed quote

~ Ordering and providing the chosen products

~ Professional renovation and installation of products

Utopia's Five Step Planning Guide

Our simple five step guide is a great starting point if you're about to begin planning your dream bathroom...

1. Measure up

If you haven't already done so, measure your bathroom carefully and draw an outline of your room marking where the basin, toilet and bath are currently situated. Consider whether you can fit in a separate shower enclosure and bath or if a shower bath is a better option.

2. Choose a style of bathroom

Fitted Furniture

Create a run of fitted units to maximise storage from wall-to-wall, into a recess or into a corner.
See page 10.

Crossover Furniture

Roseberry and Symmetry are two versatile ranges available in a choice of fitted, modular or freestanding configurations.
See page 28.

Modular Wall-Hung Furniture

Create a contemporary wall-hung look in your bathroom with one of our eight uniquely stylish ranges of modern furniture.
See page 56.

3. Add style & colour

Once you've selected your furniture range and doorstyle, you can now choose from the many finishes Utopia has to offer. You'll find our colours and finishes highlighted throughout this brochure.

4. Which brassware?

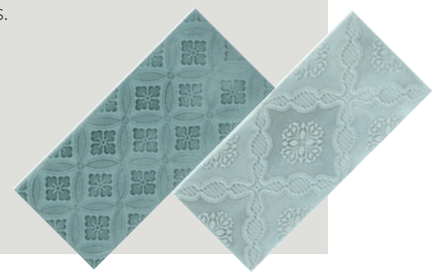

Choose from our three distinct styles - contemporary, classic or traditional to achieve the look you want. Choose your basin taps first from page 146 and then co-ordinate the bath taps and shower.

5. Wall and floor tiles

Are you tiling all of your bathroom or just certain feature areas? Do you want matching wall and floor tiles for a seamless look or contrasting tiles for added interest? See our extensive range from page 172 onwards.

Fitted Furniture

With fitted furniture you can create a lovely streamlined look for your bathroom with all pipework hidden. It's ideal for making the most of available space in smaller bathrooms and with extensive choices of doorstyles, finishes and handles you'll be able to find your dream combination.

STYLE FILE

Rustic charm

Pay homage to the appeal of a country cottage with rich heritage colours and traditionally styled furniture. The Shaker inspired Clara doorstyle in Teal is perfect for this setting along with a beautiful freestanding bath and authentic taps.

Vintage Hues Porcelain floor and wall tiles add decoration.

Add pilasters for framing to give a more traditional feel.

Try Regent brassware for an authentic period look.

Monet Round Semi-Recessed washbasin with three tap holes adds to the authentic period style.

The Sensuelle freestanding bath is a fabulous focal point.

For more baths see page 136 onwards

STYLE FILE

Urban Chic

Inject colour, warmth and texture with finishes inspired by nature. The attractive colour and textured rustic tiles are the perfect contrast to stark loft style apartments. The Banbury Walnut Luca doorstyle uses straight lines for a contemporary look.

Create a textured feature wall with Aluminium Zumba tiles.

A Quantum Square semi-recessed basin looks stylish but also saves space.

The elegant lines of the Paleto basin tap complement the basin contours.

For more mirrors see page *164* onwards

Create the illusion of space with a large illuminated mirror.

Crossover Furniture

Our Roseberry and Symmetry collections crossover fitted, modular and freestanding furniture to give you real flexibility when designing your bathroom. You can also mix and match different furniture types to suit the size and shape of your bathroom.

STYLE FILE

Contemporary Classic

Fusing key styles for a look that's at home in both modern and traditional settings, Symmetry is cleverly designed to fit any space. Accessorise the gentle cabinet curves with co-ordinating feature tiles to create a unique look for your bathroom.

A large mirror such as the Deluxe Eclipse Mirror will make your room seem more spacious.

Versatile Symmetry furniture makes excellent use of space where a wall-to-wall arrangement is necessary.

Pull your colour scheme together with decorative Bohemian Beiges floor tiles.

Arctic Waves large format tiles have a sparkling wave effect - perfect for a bathroom.

SMALL ROOM IDEA

Modular and Freestanding Furniture

Modular furniture is the ultimate in contemporary chic. Sleek lines and statement furniture create a dramatic focal point in your bathroom. As modular furniture is wall-hung leaving the floor free, it gives an illusion of space in smaller rooms.

Freestanding furniture will give a contemporary look whilst concealing pipework allowing the creation of focal points in any bathroom.

Innovative Technology
Room Motion Smart Sensor

An inexpensive room motion sensor is the ideal way to control your bathroom lighting automatically.
Simply programme it to your exact requirements to suit your lifestyle and let it do the rest for you.

Discreetly styled

With a white coloured face to be as subtle as possible, the sensor can be sited on any ceiling or flat surface.

Integrated timer
Select duration of illumination in your bathroom.

Discreet
Smaller than an average spotlight.

Simple to use
Easy removal of the sensor face to reveal control panel.

Perfect your lighting

Set the controls to suit your lifestyle, located behind the sensor's face.

Lux Adjustment
The above setting position would activate the sensor, whatever the lighting conditions.

Time Delay Adjustment
The above setting position would ensure that the lights remain on for 3 minutes after the last movement in the room is detected.

We do not recommend the room motion sensor is used to operate any items with Bluetooth connectivity

Lux control can be specifically set to only activate at night time, if desired

We hope you found our brochure inspirational and informative. We make every effort to display colours accurately, but cannot guarantee an absolute match on our website and in our printed material so you may find that products vary slightly in colour. Many of our products are made to order, meaning that some of our product sizes and measurements indicated in our promotional material may be subject to slight variation and we'd ask you to plan accordingly.

SAMPLE SERVICE
Our sample service is designed to help you make the right choices for your home. You will find displays of our furniture styles, colour samples of finishes, worktops and tiles are available to view at over 600 Utopia specialist retailers across the UK. To find your nearest showroom visit our website. We also offer a free online sample service where you can order your preferred colours of finishes, worktops and tiles from our website to review in the comfort of your home.

GENERAL GUARANTEE TERMS
All Utopia products are designed and manufactured to comply with or exceed accepted industry standards and tolerances. In the unlikely event that a product fails to meet our high expectations it will be replaced free of charge. Any product deemed to fall within accepted standards and tolerances will be subject to a replacement fee.

GENERAL GUARANTEE:
1. Applies when:
1.1 Products are installed correctly in accordance with our fitting instructions and are for domestic use in a room with suitable ventilation;
1.2 Cisterns and taps are fitted in accordance with current local and national water regulations;
1.3 Furniture is not used in a wet room environment or in frequent direct contact with water;
1.4 Coralux solid surface products have been stored correctly in accordance with our packaging instructions; specifically these must be stored flat at normal room temperature prior to installation to avoid any distortion.
2. In the event of a product failure within the guarantee period (from the date of purchase) Utopia will supply a free of charge replacement for the failed item. If that part is no longer available, a nearest equivalent replacement will be supplied. Our guarantee is limited to the products supplied and does not cover any associated installation costs, consequential loss or damage claims.
3. The terms of this guarantee do not affect consumer statutory rights.
4. Any guarantee is limited to the original purchaser, is non-transferable and does not cover the purchase of ex-display items.
5. To obtain replacement parts in accordance with the terms of this guarantee, please contact the retailer who supplied the products.
6. Product guarantees may be invalidated through incorrect care and maintenance procedures. These are contained in the original product packaging and are also available from our Customer Services team.
7. All electrical installations must be carried out by a suitably qualified electrician. Your guarantee does not cover products incorrectly installed.

BATHROOM FURNITURE
Utopia furniture has been specifically designed and manufactured for performance in general bathroom use and carries a 5 year guarantee. All bathroom furniture will deteriorate through prolonged periods of exposure to high levels of condensation so bathrooms must be adequately ventilated using suitable extraction to avoid this. Failure to ensure adequate ventilation may invalidate your guarantee. Bathroom furniture is not specified or designed for use in areas of regular or direct contact with water, particularly in wet room environments or where direct and/or regular water contact is prevalent. Any guarantee does not extend to this use. In respect of furniture containing electrical components, these items are unsuitable for zones 0, 1 & 2 installations. If you are in any doubt, please consult a qualified electrician.

CARCASS MATERIAL
Many of our finishes are intended to replicate natural materials such as wood and stone where pattern and shade variation are distinct parts of the design.

CORALUX SOLID SURFACE PRODUCTS
Some of our Coralux solid surface worktop range is designed to replicate natural stone material and is subject to pattern variation. Coralux solid surface products are fabricated and finished by hand to individual order requirements and carry a 5 year guarantee. We strongly recommend you agree the measurements of any Coralux solid surface items against our order confirmation, as it may not be possible to make further amendments to orders after this stage, at which point any order becomes chargeable in full. If amendments are possible, charges may apply based on the stage of manufacturing completion at that time.

MINERALCAST PRODUCTS
Mineralcast products carry a 5 year guarantee and are supplied with a 2% dimensional tolerance.

BATHS
Baths are supplied with a 30 year guarantee against manufacturing defects. All baths are supplied undrilled. All baths are manufactured and supplied using high quality 5mm cell cast acrylic, are fully reinforced with Resinite technology and are delivered with a protective film to prevent scratching.

SHOWER SCREENS
All shower screens are supplied with a 5 year guarantee against manufacturing defects. All shower screens are supplied with 8mm toughened glass (except Symmetry with 6mm) and Clearshield technology, a permanent water repellent coating that reduces the growth of bacteria and mould. These products can be susceptible to damage during installation and any product faults must be reported prior to installation.

SANITARYWARE
Utopia sanitaryware carries a lifetime guarantee against manufacturing defects and is supplied with a 2% dimensional tolerance. Installation must be in accordance with the instructions provided and failure to comply with these may invalidate the guarantee.
In respect of wall-hung products, recommended fixing brackets and frames must be used. These are not included with our wall-hung pans.

TOILET SEATS
A 2 year guarantee applies to all toilet seats and related components. It is the responsibility of the consumer to ensure that suitable cleaning products are used. Do not use abrasive cleaning products or cleaning products that contain chlorine or acids, as these may cause yellowing or peeling of the material. After cleaning, wipe the seat with a well wrung out cloth. Leave the seat and lid up whenever strong cleaning products are left in the bowl of the WC pan to prevent damage from vapours.

CONCEALED CISTERNS
Concealed cisterns carry a 5 year guarantee against manufacturing defects. It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided.

BRASSWARE
Brassware products are either suitable for high or low pressure, some are suitable for both so please refer to the product description for further information. Brassware carries a 10 year guarantee on brassware and a 5 year guarantee on cartridges against manufacturer defects.

TILES
We carefully select our range of tiles to co-ordinate with our furniture, however the production methods of tiles mean that colours may vary across different production batches. Sample tiles may also differ slightly from the actual tiles supplied for this reason. Order fulfilment will be from a single production batch wherever possible. We recommend that you keep a note of your batch number in case additional products are required. Time difference from the original order will reduce the likelihood of the same batch being available. Our tile collection contains both wall and floor tiles. Floor tiles can be used on the walls but wall tiles are unsuitable for use on floors. In line with our re-stocking policy, a minimum of two full, unopened boxes can be returned, subject to the tiles and packaging being in a resalable condition. A 15% re-stocking charge applies.

COMMERCIAL APPLICATIONS
A 12 month guarantee applies to all products fitted in a commercial environment.

CARE AND MAINTENANCE
We always aim to provide the best quality products but there are occasions when this isn't possible. We have found that most issues stem from poor ventilation in bathrooms. We recommend that you ensure your bathroom is well ventilated using suitable air extraction before our products are fitted. We regret that we cannot guarantee our products if they have been fitted in a poorly ventilated bathroom. Our specialist retail showrooms can provide advice and help you make the right ventilation choices.
With proper care and maintenance your bathroom products will last for years to come. The best and safest cleaning method is to use only warm water or pH neutral cleaner with a soft clean cloth. Never use an abrasive cloth. Never use chlorine, caustic, acid or alkaline based cleaners.

OUR ENVIRONMENTAL COMMITMENT
Sustainability is high on our agenda and we strive to make the least environmental impact. From the wood we use, the energy we consume, to our transport logistics, we take care to ensure we operate as responsibly as possible.

The information contained in this brochure is correct at the time of print as of September 2017. However, we reserve the right to alter materials and specifications in line with our continuing programme of product and service development.

HOW TO ACTIVATE YOUR UTOPIA GUARANTEE
Once your bathroom has been installed remember to activate your guarantee on our website. You will need to include the name of the Utopia retail specialist you purchased from.
